Dear Parent/Carer

Re: Go 4 Schools

We use GO 4 Schools to give you up to date access to your child's engagement and progress information at The Gilbert School. This also enables staff to track student analytics and target interventions/coaching more effectively.

What are Student Analytics?

You will be able to track your child's attendance, punctuality, homework, behaviour, timetable and crucially, their engagement in co-curricular and student leadership activities over time. Collectively, we call these information streams 'student analytics' and we hope it will give you a clear overview of your child's engagement in our curriculum and our character development programme.

What do I need to do next?

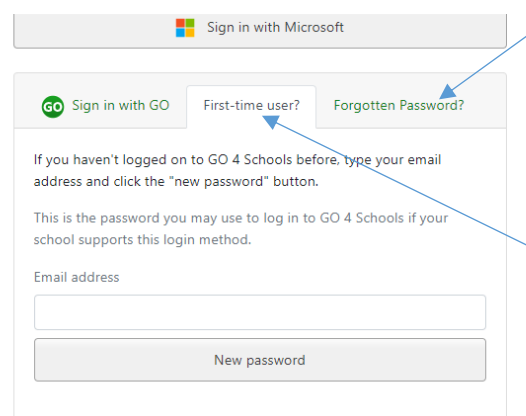

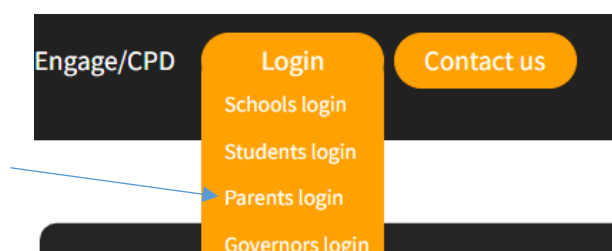

Make sure you know your login details for GO 4 Schools.

How do I find out my login details for GO 4 Schools?

Visit the GO 4 Schools website <https://www.go4schools.com/>

Hover over the orange 'Login' button and choose 'Parents login.'

If you are a first-time user, you will be asked to use your email address to activate your account. If you have forgotten your password, you can reset it here (see graphics below).

A message will be sent to your email account allowing you to create or reset your password for the GO 4 Schools website. This will also be the way you access the Go 4 Schools App.

Why haven't I received an email from GO 4 Schools?

If you do not receive an email to create or reset your password, it may be because Go 4 Schools does not recognise your email address. Please ensure you are using the same email address that the school holds on its records.

Now I know my login details, what do I do next?

Download the GO 4 Schools App and login using your email address and password. You will not see much to start with but during the next year you will receive more and more information via the App.

I would like to thank you for your cooperation in supporting us to track your child's engagement in our curriculum and our character development programme.

Yours faithfully
